Claim Objections

Claims 7 and 8 are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim does not refer to a preceding claim. See MPEP § 608.01(n). Accordingly, the claims 7 and 8 have not been further treated on the merits.

Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form.

Allowable Subject Matter

Claims 7 and 8 would be allowable if rewritten or amended to overcome the objection(s) under 37 CFR 1.75 (c), set forth in this Office action.

The following is a statement of reasons for the indication of allowable subject matter:

Claims 6 and 9 are allowed over the prior art of record because all the cited references, considered as the closest prior art and viewed in combination or individual, fails to suggest or fairly teach a recording medium including a combination of all features in particularly recited in each of claims 6 and 9.

Cited References

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The cited reference relates to an optical disk having wobbled and non-wobbled grooves being alternatively arranged thereon.
